UPCOMING

MARCH 2026 - JUNE 2026: HAMMERHEAD

Focusing on the release of our single "Hammerhead" including press for Music Video and the single coverage itself, with a planned showcase tour in the same time period for areas such as Brighton, London, Birmingham, Manchester, Leeds, Newcastle and Edinburgh.

Key dates: April 5th, 2026 - Subside Slammer, Birmingham.

JUNE 2026 - SEPTEMBER 2026: ANOTHER FACE IN THE SUN (WIP)

Introducing our summer track with a much more catchy and singable chorus for the summer ahead, with similar planned press and consistent colour theming as Hammerhead, with festivals lined up as well. We'll also be planning a part 2 of the showcase tour, targetting freshers events.

Key dates: August 15th 2026 - State of Mind Festival, Mexborough

September 5th 2026 - Hella Rock Festival, Coventry

OCTOBER 2026 - X : RAGE

Using our Halloween card and releasing a very dark rock/metal track "Rage", with a similarly reflecting music video and promotional method.

X 2027 - X: YOU'VE SEEN BETTER / GOLDEN

With unconfirmed dates , yet aiming for early 2027 for the double sided single, these two are our more psychedelic ballads with still strong references to our main sound.

MIDYEAR 2027: STONE

Stone is a very powerful, dark and statement-filled track. It'll round off a nice string of releases over 18 months of investment and find its way into what we will probably market as an EP for the whole of these five releases.

Subject to change depending on plan alterations. dates might get shorter.
